

Challenge Activities

Mangrove Forest

There are many animals that use mangrove forests for their home both above and below the water. Colour all the animals that you can find, then answer the questions on page 2.

1. Identify as many organisms as you can and record their names below.

2. Explain why mangrove forests are important ecosystems?

3. Create a Mangrove Forest food chain using organisms identified on page 1.

- i) Select an organism for each trophic level below and write their name on the line.
- ii) Draw a picture of each organism.
- iii) Draw arrows between the organisms to show the direction energy flows through the food chain.

Primary Producer	Primary Consumer	Secondary Consumer	Tertiary Consumer
